Reviewer: Noeline Nakasujja

Reviewer's report:

Study: “Mentorship needs at academic institutions in resource–limited settings: A survey at Makerere University College of health Sciences”

This paper reporting the current state of mentoring at an institution with limited resources especially the human resource has been revised.

Major Compulsory Revisions.
1. None .

Minor Essential Revisions
1. As pointed out previously, this paper is about a qualitative study in which quantitative data on participants was also collected. This should rightly be stated in the methods section other than referring to it as a qualitative study design only.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
