Reviewer’s report

Title: Conceptualization of Common LR: A useful Tool for Clinical Diagnostic Reasoning

Version: 4 Date: 17 June 2010

Reviewer: Kees van Boven

Reviewer’s report:

Dear Authors,
You did really do a good job. The article is well written and I do not have any objections.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
I declare that I have no competing interests
