Reviewer's report

Title: Problems and Issues in Implementing Innovative Curriculum in the Developing countries: the Pakistani experience.

Version: 2 Date: 24 March 2012

Reviewer: Patricia O'Sullivan

Reviewer's report:

Compulsory:
1. please have a final review for grammatical errors; there currently are a number in the manuscript.
2. in the background please identify the elements you are using from Bland.
3. Please explain how you use grounded theory or remove the term; you organized by themes and that is not consistent with grounded theory.
4. Explain how your sample was purposive
5. In the results both in the text and tables clarify that when you are reporting percentages that is from the questionnaire data.
6. In the abstract a major issue is the political instability in Pakistan, but that is not mentioned in the discussion or conclusion. Could you tie that situation in a meaningful way.
7. The conclusions state much of what is already in the literature so either revise to focus on what was a unique finding for this study or how these bullet points align with the literature.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
