Reviewer's report

**Title:** Ordering patterns for laboratory and radiology tests by students from different undergraduate medical curricula

**Version:** 2  **Date:** 18 May 2013

**Reviewer:** Spiros Miyakis

**Reviewer's report:**

The manuscript has much improved and is now acceptable for publication. References to Ref#21 (still unpublished) should be termed differently (ie data not shown, personal communication, and alike) unless authors and editor would like to wait until the acceptance of Ref21 before publishing this article.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
