Reviewer's report

Title: Knowledge, Attitude and Practice of Antibiotics: A Questionnaire Study among 2500 Chinese Students

Version: 5  Date: 16 September 2013

Reviewer: Oliver James Dyar

Reviewer's report:

I feel the authors have adequately addressed the comments from the initial review. One minor essential revision remaining is to amend question 3 in the knowledge section of the supplementary material explaining the grading process: the correct response is stated as 'Yes' when it should be 'No'.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
