Title: Measuring the effectiveness of an intensive IPV training program offered to Greek general practitioners and residents of general practice.

Version: 2 Date: 10 February 2013

Reviewer: Angela Taft

Reviewer's report:

Please rewrite the discussion to ore accurately reflect the limitations of your findings and design. Your opening paragraph does not match these, but your later one do.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.
