Reviewer's report

**Title:** Mobile NBM - Android medical mobile application designed to help in learning how to identify the different regions of interest in the brain's white matter

**Version:** 3  **Date:** 21 April 2014

**Reviewer:** Selma Corovic

**Reviewer's report:**

The authors revised the manuscript entitled “Mobile NBM - Android medical mobile application designed to help in learning how to identify the different regions of interest in the brain’s white matter” according to my comments and suggestions. The manuscript has been notably improved and can therefore be considered for publication as a software article.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests
