Reviewer's report

Title: A Review of the Integration of Traditional, Complementary and Alternative Medicine into the Curriculum of South African Medical Schools

Version: 2 Date: 13 January 2014

Reviewer: Osman Hayran

Reviewer's report:

-Major Compulsory revisions:
No major revisions.

-Minor Essential Revisions:
Did the researchers interviewed with "Heads of Schools" as it is stated in the Methods section of the article, or "Heads of Departments" as it was stated in the Abstract of the article? Who are these "Heads" and were they correct persons for getting the required information? This must be clarified for preventing a possible responder bias.

-Discretionary Revisions:
More details about the integrated TCAM curricula, such as the most common subjects taught may be useful for the readers.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
I declare that I have no competing interests.
