Title: Personal health promotion at US medical schools: a quantitative study and qualitative description of deans’ and students’ perceptions

Version: 2 Date: 1 September 2004

Reviewer: Kristi Ferguson

Reviewer's report:

General

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
none

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
none

Discretionary Revisions (which the author can choose to ignore)
Would recommend including the text in the response letter related to use of means rather than raw data.

What next?: Accept after discretionary revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable
