Reviewer's report

Title: Critical appraisal skills training for health care professionals: A randomized controlled trial

Version: 3 Date: 8 November 2004

Reviewer: Edward Mills

Reviewer's report:

General

The manuscript has been suitably revised and is now acceptable.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

A couple of typos

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
