Reviewer's report

Title: Critical appraisal skills training for health care professionals: A randomized controlled trial

Version: 3 Date: 17 November 2004

Reviewer: Alison J Brettle

Reviewer's report:

General

-------------------------------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

I am happy that the authors have responded satisfactorily to these
-------------------------------------------------------------------
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

The authors have addressed these satisfactorily
-------------------------------------------------------------------
Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
