Reviewer's report

Title: Unhappiness and dissatisfaction in doctors cannot be predicted by selectors from medical school application forms: A prospective, longitudinal study

Version: 2 Date: 27 October 2005

Reviewer: Ed Peile

Reviewer's report:

General
I am comfortable with the revisions and feel a good paper has been improved.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
none

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
none noted

Discretionary Revisions (which the author can choose to ignore)
none

What next?: Accept without revision

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No
