Reviewer's report

Title: Comparison Of Knowledge Scores Of Medical Students In Problem-Based Learning And Traditional Curriculum On Public Health Topics

Version: 3 Date: 18 January 2005

Reviewer: J. F. Arocha

Reviewer's report:

General
I believe the authors have addressed all of my major concerns with the paper pointed out in my previous review. I think the paper is acceptable for publication.

-----------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
