Reviewer’s report

Title: The attractions of medicine: the generic motivations of medical school applicants in relation to demography, personality and achievement

Version: 2 Date: 9 January 2006

Reviewer: Brian Jolly

Reviewer’s report:

General

------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
