Reviewer's report

Title: Can Standardized Patients Replace Physicians As OSCE Examiners?

Version: 3 Date: 15 November 2005

Reviewer: Amy V Blue

Reviewer's report:

General

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

The revisions made have been appropriate.

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

The revisions made have been appropriate.

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

Not relevant

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
