Reviewer's report

Title: Case-based exercises fail to improve medical students' information management skills: a controlled trial

Version: 2 Date: 1 February 2006

Reviewer: Amy V Blue

Reviewer's report:

General

The authors' responses to the reviewers' suggestions have been thoughtfully considered and appropriately incorporated into a revised manuscript.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

None

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

None

Discretionary Revisions (which the author can choose to ignore)

None

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
