Reviewer's report

Title: The Use of Standardized Patients for Mock Oral Board Exams in Neurology: A Pilot Study

Version: 2  Date: 10 February 2006

Reviewer: Karen Johnston

Reviewer's report:

General
The manuscript is much improved.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

No further revisions requested

What next?: Accept without revision

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
Dr. Kissella will be a paid participant in an NINDS clinical trial in which I am the multi-center PI.
