Reviewer's report

Title: Standard setting: Comparison of three methods

Version: 1 Date: 28 April 2006

Reviewer: M. Roy Schwarz

Reviewer's report:

General

-------------------------------------------------------------------------------------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------------------------------------------------
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------------------------------------------------
Discretionary Revisions (which the author can choose to ignore)

-------------------------------------------------------------------------------------------------------------------------

What next?: Accept after discretionary revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:

I declare that I have not competing interests.
