Reviewer's report

Title: Perceptions on the Importance of Gerontological Education by Teachers and Students of Undergraduate Health Sciences: An Exploratory Study

Version: 3 Date: 3 January 2007

Reviewer: Paul Stolee

Reviewer's report:

General

----------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

----------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

some language and grammatical editing required

----------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
