Reviewer’s report

Title: Psychological Morbidity, Sources of Stress and Coping Strategies among undergraduate Medical Students of Nepal

Version: 2 Date: 7 July 2007

Reviewer: Babar Tasneem SHAIKH

Reviewer’s report:

General

------------------------------------------------------------------------------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

My queries have been addressed. If other reviewer is satisfied, this paper can be published

------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

------------------------------------------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
