Reviewer's report

Title: 'It gives you an understanding you can't get from any book'. The relationship between medical students' and doctors’ personal illness experiences and their performance: a qualitative and quantitative study

Version: 2 Date: 1 October 2007

Reviewer: Trudie T Roberts

Reviewer's report:

The authors have satisfactorily addressed my comments and I recommend that this article should now be accepted

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
