Reviewer's report

Title: Perceptions of graduating students from eight medical schools in Vietnam on acquisition of key skills identified by teachers

Version: 3 Date: 21 September 2007

Reviewer: Jonathan Mathers

Reviewer's report:

General

The authors seem to have satisfactorily addressed my original comments in their revised submission.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
