Reviewer’s report

Title: Development of a Computer Assisted Learning (CAL) package to raise awareness of autism

Version: 2 Date: 22 December 2008

Reviewer: David William Wall

Reviewer’s report:

I think that the authors have made a very good improvemt to the previous version of this paper.

They have taken on board the referees' comments and suggestions and the way they have done this has been described in detail in a letter to the editor.

I think this paper may now be published as it stands

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
