Reviewer’s report

Title: How do parents experience being asked to enter a child in a randomised controlled trial?

Version: 1 Date: 24 November 2008

Reviewer: Eduardo Rodriguez

Reviewer’s report:

- Discretionary revisions:
  - It will be good to include in the discussion cultural factors which may influence the willingness of parents for their child to participate in clinical trials and for trusting investigators (example: different socioeconomical background, underdeveloped communities versus developing countries)

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
