Reviewer’s report

Title: Knowledge, Attitudes and Practices of Healthcare Ethics and Law among Doctors and Nurses in Barbados

Version: 2 Date: 29 May 2006

Reviewer: Merrilyn Walton

Reviewer’s report:

General

-------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
The authors have taken on board the concerns about the article and made the required amendments

-------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
The methods section needs improving- put the summary of the questions in a box or other similar format.

-------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No
