Reviewer's report

Title: Redesign of a Computerized Clinical Reminder for Colorectal Cancer Screening: A Human-Computer Interaction Evaluation

Version: 2 Date: 20 November 2011

Reviewer: Monique W Jaspers

Reviewer's report:

After reading the manuscript and cover letter by the authors of the paper entitled: Redesign of a Computerized Clinical Reminder for Colorectal Cancer Screening: A Human-Computer Interaction Evaluation, I confirm that they did a great job in revising their manuscript in accordance to each recommendation that I made and critique I had. the revised version of the manuscript is substantially improved and I therefore recommend publication of it.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
