Reviewer's report:

Discretionary revisions:
The authors may want to consider altering the title of the manuscript so that it better reflects the content. It would be more beneficial if the title included the main purpose of the article - which is to provide recommendations for the development of CDSS in community hospital settings.

Table 2: It might be helpful for those individuals who are not familiar with the term 'bridger' to explain or define it here.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
