Reviewer's report

Title: A Systematic Review of Healthcare Applications for Smartphones

Version: 1 Date: 29 February 2012

Reviewer: Minoru YAMADA

Reviewer's report:

Minor Essential Revisions

The study described in this manuscript focuses on a topic of interest to BMC medical informatics. I concur that the study and manuscript have a number of significant limitations that preclude publication in its present form. Please address the issues raised by the reviewers.

• Title: “Systematic review” should be “literature review”.
• Well written and organized manuscript.
• Introduction section should be more reduce.
• Methods were appropriate.
• Results were displayed appropriately.
• Discussion was appropriate.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
