Reviewer's report

**Title:** Interactive Decision Support in Hepatic Surgery

**Authors:**

Martin Dugas (dug@ibe.med.uni-muenchen.de)
Rolf Schauer (Rolf.Schauer@gch.med.uni-muenchen.de)
Andreas Volk (andreas.volk@stud.uni-muenchen.de)
Horst Rau (Horst.Rau@gch.med.uni-muenchen.de)

**Version:** 2  **Date:** 23 Apr 2002

**Reviewer:** Dr Rainer Schmidt

**Level of interest:** A paper whose findings are important to those with closely related research interests

**Advice on publication:** Other (see below)

Point 1 of my criticism has slightly improved.

About point 2 the authors and I obviously disagree with each other.

**Competing interests:**

None declared.
