Reviewer's report

Title: Classifying the Precancers: A Meta Data Approach

Authors:
Dr Jules J Berman (bermanj@mail.nih.gov)
Donald E Henson (hensond@comcast.net)

Version: 2 Date: 19 May 2003
Reviewer: Catherine A Smith

Level of interest: A paper of considerable general medical or scientific interest

Advice on publication: Accept after discretionary revisions

I've reviewed the changes/clarifications made by the authors and find they've completely addressed everything I suggested they address--looks like a fine paper to me. Their additional comments re the importance of the research are noted and agreed with!
