Reviewer's report

Title: Evidence-based patient choice: a prostate cancer decision aid in plain language

Version: 5 Date: 6 May 2005

Reviewer: Kirsten McCaffery

Reviewer's report:

General
Please accept manuscript

-------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Please note these minor revisions can now be approved by the editor

1. Revise table 3 and remove total sample for each cell and place in header (e.g. DA sample (n=60) ; historical controls (n=184) and retain n and %s for each cell of the table.

2. Table 3 - put P values to 2 decimal places.

-------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after discretionary revisions

Level of interest: An article of importance in its field
