Reviewer's report

Title: Information resource preferences by general pediatricians in office settings: a qualitative study

Version: 2 Date: 27 August 2005

Reviewer: Martin Dawes

Reviewer's report:

General
This is a much better, and clearer paper that clearly addresses the questions and is ready to be published.

------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
There was a citation of table 4 before table 3 in the text that needs to be addressed.

------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
