Reviewer’s report

Title: The caCORE Software Development Kit: Streamlining construction of interoperable biomedical information services

Version: 4  Date: 29 November 2005

Reviewer: Aziz Boxwala

Reviewer’s report:

General

The authors have responded to previous comments regarding the significance of their work. The revised draft describes a number of applications that have been developed with caCORE SDK.

---------------------------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

---------------------------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Page 3, Line 3
This sentence is left incomplete: "Complete documentation and updated information on caCORE"

---------------------------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
