----------------------------
Website addresses - Websites must be removed from the text, and cited from the main reference list only. If you are using referencing software such as EndNote or Refman, please ensure that your references are entered through the software rather than included in the manuscript reference list manually. Please present your reference in the following structure, e.g. 17. Website title [www.website.com]. Where possible, please avoid using long web addresses. (NB: There are two exceptions to this rule: When the abstract contains a weblink. When a URL is included in an Availability and Requirements section).

Response: Done. URL hyperlinks in the Acknowledgement were taken out and put in References.

Authors' contributions - Please indicate that all authors read and approved the final manuscript.

Response: Done. Added one sentence in the paragraph.

Reference 1 - Please put the author surnames before the first initial.

Response: Done.
