Reviewer's report

Title: Developing a web-based information resource for palliative care: An action-research inspired approach

Version: 3 Date: 14 May 2007

Reviewer: Suzanne Dickerson

Reviewer's report:

General
Addition of details of the methodology and procedures is helpful in understanding the data collection process and analysis. Title is better in describing content.

----------------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

----------------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Page 15 comment on see table 4 below----there is no table 4
Page 19 second paragraph need % in the bracket

----------------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions
