Reviewer’s report

Title: The effect of attitude to risk on decisions made by nurses using computerised decision support software in telephone clinical assessment: an observational study

Version: 2 Date: 9 November 2007

Reviewer: Marie-Pascale Pomey

Reviewer’s report:

General
I don’t have any comments on this new version.
Many thanks for all.
Best regards
MPPomey

-----------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I don’t have any competing interests.
