Reviewer's report

Title: Evidence-Based Medicine among Internal Medicine Residents in a Community Hospital Program Using Smart Phones.

Version: 3 Date: 9 February 2007

Reviewer: Pierre PLUYE

Reviewer's report:

General

Authors should be commended to work in this new territory. They did an excellent job in reviewing their paper.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

None

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

None

Discretionary Revisions (which the author can choose to ignore)

None

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
