Reviewer's report

Title: Risk Communication Formats for Low Probability Events: an exploratory study of patient preferences

Version: 3 Date: 19 March 2008

Reviewer: Stacey Sheridan

Reviewer's report:

Authors have again been responsive to reviewer comments. They have added additional interpretation of their findings, generated a research agenda, and responded to several minor and discretionary comments. The manuscript is acceptable for publication in its current form and will make a contribution to the literature.

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
