Title: Script Concordance Tests: Guidelines for Construction

Version: 2 Date: 3 January 2008

Reviewer: Charles Sneiderman

Reviewer's report:

Briefly, I have no confidential comments to the editors and am suggesting that this manuscript is an article whose findings are important to those with closely related research interests, should be accepted with these suggested revisions

Discretionary Revisions:

Abstract

Background

Sentence 1: substitute "uncertain" for "ill-defined"
Sentence 2: suggest "It makes possible inclusion of ..."
Sentence 3: add "experts" after "reference"

Purpose

Sentence 1: suggest replace "ground" with "acceptance"

Discretionary Revision

Background

3rd paragraph, 3rd sentence replace "though scarcely" with "nevertheless poorly"

Minor essential revision

Figure 1: typo? "n" in Case description doesn't appear

And needs some language correction before publication, which I am suggesting above and no necessary statistical review.

I declare that I have no competing interests.
