Reviewer’s report

Title: Beyond the EPR: Complementary roles of the hospital-wide Electronic health record and Clinical department systems

Version: 2 Date: 15 May 2009

Reviewer: Padmanabhan Ramnarayan

Reviewer’s report:

The authors have made changes to enhance the article. In particular, the revision contains an amended methodology section to address why only one subject was interviewed.

In view of the revisions, I would consider the article to be adequate.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
