Reviewer's report

Title: A global approach to the management of EMR (Electronic Medical Records) of patients with HIV/AIDS in Sub-Saharan Africa: the experience of DREAM Software

Version: 2 Date: 1 April 2009

Reviewer: Terry John J HANNAN

Reviewer's report:

The authors should not be discouraged by any strong comments on the article. It is a well researched article and covers many of the relevant issues involved in ICT implementations in resource poor nations. They need to revise its presentation.

Level of interest: An article of importance in its field

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
