Reviewer's report

Title: social meanings and understandings in patient-nurse interaction in the community practice setting: a grounded theory study

Version: 2 Date: 5 August 2012

Reviewer: Katherine McGilton

Reviewer's report:

The authors have answered my concerns extremely well and I have no further comments

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

'I declare that I have no competing interests'
