Title: Nurse anaesthetists- and OR nurses` adherence to WHO's Surgical Safety Checklist -a grounded theory study

Version: 6 Date: 24 July 2012

Reviewer: Tanja Manser

Reviewer's report:

The authors have revised the manuscript thoroughly and I find the manuscript generally suitable for publication.

However, the article is only relevant to a very limited audience and I would encourage the authors to reflect on the generalizability of their findings to other healthcare settings and other implementation efforts in the discussion.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

None.
