Reviewer’s report

Title: Factors associated with reporting nursing errors in Iran: a qualitative study

Version: 3 Date: 10 September 2012

Reviewer: Jason Etchegaray

Reviewer’s report:

The authors are to be commended for addressing the concerns I provided previously. Other than some minor editing, I recommend that the manuscript be published.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
