Title: The Naive Nurse: Revisiting Vulnerability for Nursing

Version: 2 Date: 29 March 2012

Reviewer: Kristín Björnsdóttir

Reviewer’s report:

I have read the paper and the author has attended to all my previous issues. In my opinion this is a carefully research and well argued paper. The only comment that I would like to make is to try to eliminate the repetitions in the document.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
