Reviewer's report

Title: Implementation of case studies in undergraduate didactic nursing courses: A qualitative study

Version: 3 Date: 16 March 2013

Reviewer: Kim Jocelyn Usher

Reviewer's report:

Thank you for attending to the revisions suggested so far. Unfortunately the work still requires further editing and attention to sentence structure. For example, the first sentence of the background is incomplete. I suggest you arrange for an English expert to review the manuscript with you.

The limitations section still requires further work to get it to the standard required for publication.

Level of interest: An article of limited interest

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I have no conflict or competing interests.
