Reviewer's report

Title: Coping strategies, stress, physical activity and sleep in patients with unexplained chest pain

Version: 4 Date: 16 October 2006

Reviewer: Cecilia Cheng

Reviewer's report:

General
The authors have addressed all my concerns in a satisfactory manner. I have no further questions for them. I would recommend the acceptance of the ms.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)
