Title: Perimenopausal Contraception in Turkish Women: Cross-sectional Study

Version: 8 Date: 15 February 2007

Reviewer: Margareta Larsson

Reviewer's report:

General

-----------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
Explain better how you reached the participants. It is still not clear. The English needs to be checked, I still see some mistakes.

-----------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
