Reviewer's report

Title: Knowledge of pressure ulcer prevention: A cross-sectional and comparative study among nurses

Version: 2 Date: 28 February 2007

Reviewer: Michael Clark

Reviewer's report:

General
The author(s) have fully addressed the major revisions identified during the previous submission

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
None

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
None

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
