Reviewer's report

Title: Sleep and recovery in physicians on night call: a longitudinal field study

Version: 3 Date: 29 June 2010

Reviewer: Steven Rose

Reviewer's report:

The authors have generally addressed the criticisms of the reviewers. Some fixed issues that are limitations of the study remain. Reviewer 2 identified several of the concerns the authors addressed, but did not always resolve. However, I believe their response was satisfactory.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
